**Dear Mint Customer:**

It is my pleasure to offer you the foundation of many collections -- the Uncirculated Set for 1993 from the United States Mint. I am proud of the fine work throughout the Mint which contributed to the presentation of this product to you.

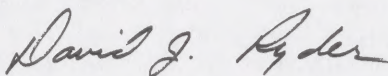

This year has already been an exciting one for those of us involved in the hobby. In addition to the 1993 Proof Sets, we have made substantial shipments of the 1993 Bill of Rights coins. If you are one of our many customers who encouraged a young person's interest in coins by giving them the Bill of Rights Young Collector's Set, please consider continuing your efforts with an Uncirculated Set for them as well.

We are looking forward to presenting the World War II Commemorative Coins to you in late spring. Perhaps we will see many of you at the American Numismatic Association's 102nd Annual Convention in Baltimore this summer.

(over, please)

**Thank you for your continuing interest in coin collecting and enjoy your 1993 Uncirculated Set.**

**Sincerely,**

A handwritten signature in dark ink, reading "David J. Ryder". The signature is fluid and cursive, with the first name "David" and last name "Ryder" clearly legible.

**P.S. Consider buying one extra Uncirculated Set and giving it to a special youngster.**
